

3M™ Sun Control Window Films

Ceramic IR Series

BENEFITS

- Absorptive nano-ceramic technology provides a high level of infrared heat rejection for optimal thermal comfort.
- Extends the life of furnishings by blocking up to 99.9% of harmful UV rays, the single largest component of fading.
- Metal-free design lets you stay connected with mobile devices, GPS or satellite radio reception without interference.
- Low visible light reflectivity enhances view, making it suitable for installation in condominiums or ECs.
- Backed by premium 3M manufacturer's warranty. 10 years warranty for fixed and sliding panels, 3 years warranty for casement windows. Warranty covers peeling, bubbling, blistering, delamination and discoloration.
